SPECIFICATIONS

Flow Rate: 3 LPM
Connects To: 1/2" Cold Water Line
Operating Temperature: 5-35°C
Dimensions:
270 W x 370 H x 130 D mm

If height is an issue, the system can go laying down. This position won't affect its performance.

5 YEARS WARRANTY

Our NEW Faucets feature an LED indicator that turns from blue to red when filters need replacing.

Unlike an RO system, these systems will NOT reduce Total Dissolved Solids (TDS), or Calcium Hardness.
If you are interested in a filter that removes TDS or hardness, consider our Reverse Osmosis (RO) systems.

FROM

\$147

INSTALLATION

Prices may vary depending on location.

If drilling through stone is required, an extra \$50 will be charged for the diamond drill bit and insurance fee.

If you do not want a separate drinking faucet, you can upgrade your kitchen faucet and get a 3 Way Chrome Mixer Tap for \$345*.

Filter Cartridges are recommended to be replaced every year. However, replacement frequency depends on water quality and usage.

Every Year
Every 18 Months
Every Two Years

UPGRADE TO 3 WAY MIXER

to avoid drilling a hole through your stone/wood bench.

5 YEARS WARRANTY

3 Way Mixers and Taps are Certified to NSF/ANSI 61 Section 9.

In 3 Way Mixers, filtered water has an independent nozzle in the spout. Therefore, filtered and unfiltered water never mix.

Our NEW Chrome 3 Way Mixers feature an LED indicator that turns from blue to red when the filter needs replacing.

3 Way Mixers have a long lever for hot and cold, and a short lever for only filtered water.

Instead of having a separate faucet for filtered water, consider having a 3 Way Mixer to avoid drilling a hole through your stone/wood bench.

In 3 Way Mixers there are separate tubes inside the faucet, so there's absolutely no mixing of sources.
